Indianapolis, Indiana. ProTrans International has reached a collaborative agreement with a strategic partner in Houston, Texas. The agreement allows ProTrans International to extend our successful shared consolidation concept to customers with international freight originating in Europe or Asia.

Our partner provides ProTrans International with container freight station services which include: container drayage, de-consolidation of international shipments, customs examination site and material handling for the purpose of moving freight inland.

Founded in 1993, ProTrans International delivers complete logistics management solutions to customers via distinctive capacity management approaches. Committed to delivering world class supply chain solutions, ProTrans tailors our transportation and warehousing to support each customer's unique business requirements. For more information on our shared international consolidation program, please email marketing@protrans.com.
